

**GRADY MEMORIAL HOSPITAL/GRADY HEALTH SYSTEM
RADIOLOGIC TECHNOLOGY PROGRAM
PROGRAM EFFECTIVENESS DATA**

The Radiologic Technology program's 5-year program completion rate, credentialing pass rate, and job placement rate may also be viewed on the Joint review Committee on Education in Radiologic Technology website www.jrcert.org. The program tracks student learning outcomes and program effectiveness using a variety of tools. The following data is gathered from program statistics, and surveys that are sent to both graduates and their employers 12 months after graduation.

Program Completion Rate

Program completion rate is defined as the number of students who complete the 24 month program within 150% of the stated program length (36 months).

Year	Number of students beginning 2nd semester	Number of students completing program	% Completion Rate	Reason for leaving program
2014	18	16	89%	1 voluntary withdrawal; 1 dismissal
2015	23	22	96%	1 called to active military duty
2016	28	28	100%	
2017	24	24	100%	
2018	25	24	96%	1 voluntary withdrawal.
5 - year average	118	114	96.6%	

Credentialing Pass Rate

Five-year credentialing pass rate (American Registry of Radiologic Technologists exam) of not less than 75 percent at first attempt within six months of graduation

Year	# Taking Exam	# Passing on 1st Attempt	% Passing on First Attempt
2014	16	16	100%
2015	22	22	100%
2016	28	27	96%
2017	24	24	100%
2018	24	23	96%
5 - year average	114	112	98.2%

Job Placement Rate

Job placement rate is defined as the number of graduates employed in radiography within twelve months of graduates compared to the number of graduates actively seeking employment in the radiologic sciences.

Not actively seeking employment is defined by JRCERT as:

- Graduate fails to communicate with program regarding employment after multiple attempts, **OR**
- Graduate unwilling to seek employment that requires relocation, **OR**
- Graduate unwilling to accept employment due to salary or hours, **OR**
- Graduate is continuing education, **OR**
- Graduate is on active military duty, **OR**

Year	Number of students seeking employment	Number of students that gained employment	Five year Percent job placement	Graduates that did not seek employment
2014	15	14	93%	14 out of 15 graduates had jobs within 12 months. 1 graduate not actively seeking employment in order to continue their education.
2015	20	20	100%	20 out of 20 graduates had jobs within 12 months. 2 graduates not actively seeking employment in order to continue their education..
2016	26	26	100%	26 out of 26 graduates had jobs within 12 months. 1 graduate did not actively seek employment in order to continue their education. 1 graduate did not pass the registry and therefore could not seek employment as a Registered Technologist.
2017	22	22	100%	22 out of 22 graduates had jobs within 12 months. 1 graduate did not actively seek employment in order to continue their education. 1 graduate did not seek employment.
2018	22	22	100%	22 of 22 graduates had jobs within 12 months. 1 graduate did not actively seek employment in order to continue their education. 1 graduate did not seek employment.
5 - year average	105	104	99%
