

# Our Values

## Our Vision:

Grady Health System will become the leading public healthcare system in the United States.

## Mission Statement:

Grady Health System improves the health of the community by providing quality, comprehensive healthcare in a compassionate, culturally competent, ethical and fiscally responsible manner. Grady maintains its commitment to the underserved of Fulton and DeKalb counties, while also providing care for residents of metro Atlanta and Georgia. Grady leads through its clinical excellence, innovative research and progressive medical education and training.

## Core Values & Ethics

**Excellence:** Grady Health System strives for the highest quality in all that we do. The art and science of healing require a commitment to lifelong learning and professionalism.

**Customer Service:** Grady Health System is motivated by a sincere concern for the well-being of all people, and we will strive to serve everyone with dignity, respect and compassion.

**Ethics:** Grady Health System will maintain the highest ethical standards through its actions and decisions.

**Teamwork:** Grady Health System cultivates an environment of communication, respect, trust and collaboration.

**Commitment:** Grady Health System is motivated by pride and dedication, determined to achieve the goals of the organization and willing to give our best efforts at all times.
