

---

**Project Name: GMH OUPATIENT CLINICAL BACKFILL**  
*(formerly “GMH OUTPATIENT CLINICAL MASTER PLAN”)*

**IFB Number:** TBD

**Date:** Tuesday, August 02, 2022

**ADDENDUM # 1**

**1. Project Scope Clarification and Name Change:**

- a. A number of responses to the posted RFQ assume the above referenced project is a traditional master planning effort.
- b. This RFQ/RFP is instead the implementation of Health System decisions to back-fill existing clinical spaces, with minimal demolition and construction, created by relocations of select outpatient centers to the new Correll Pavilion Outpatient Surgery Center at the end of this year.
- c. For clarity, the project is hereby renamed “GMH OUPATIENT CLINICAL BACKFILL”
